About BTG

At BTG, we provide turnkey solutions that minimize risk and optimize the inclusion of small businesses on large, complex projects.

Our [management consulting firm](#) is established as the preferred partner to lead inclusion programs for large, multi-billion-dollar construction projects and P3 initiatives.

Headquartered in Washington, DC, over ten years ago, BTG works with public and private sector clients to ensure compliance requirements are met using our exclusive methods and technologies to achieve successful outcomes.

Our work drives the creation of **local jobs** – helping to advance communities and foster **economic empowerment**.

Welcome to the Summit

This unique and timely series is a hybrid event for small businesses, consultants, contractors, industry partners, and government, with BTG standing at the hub as a connector, an expert, and a valuable knowledge base.

Attendees can expect an engaging industry breakfast highlighting innovative topics with top-notch speakers committed to advancing collaboration and diversity.

Sponsors can expect priority and maximum exposure before, during, and after our virtual event. We are convening the best and brightest to produce the best in industry solutions.

Attendance

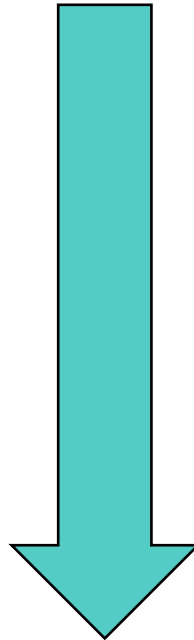

- ❖ **Quality Content:** Hear from expert leaders as they present keen insight from various projects spanning different demographics and landscapes.
- ❖ **Attendee Makeup:** Attendees include DBEs, government agencies, industry associations, consultants, and contractors.
- ❖ **Easy hybrid (in-person & virtual Access):** Minimize time out of the office and connect virtually, learn, and engage with other leaders and industry professionals.

Rich and Relevant Content

Industry Breakfast

This one-of-a-kind industry breakfast will feature discussions around emerging industries, innovations and highlight major projects across various modes of transportation. The day will also feature The Greenwood Project – BTG’s proprietary software tool showcasing small business data research to identify opportunities and understand industry gaps helping DBEs expand their business.
